

SafeGuard ®

Bus Seat

- Lap-shoulder belt protection
- Full compartmentalization
- Interchangeable and upgradeable seat modules
- Trouble-free maintenance and serviceability
- Designed and tested by the leader in child passenger safety

“The ideal solution for the school bus, in our opinion, is compartmentalization plus a good lap shoulder belt.”

Brian O'Neill
Former President, Insurance Institute for Highway Safety

SafeGuard Bus Seats are the safest bus seats in the world, providing lap-shoulder belt protection and full compartmentalization. Designed to meet the transportation needs of **today and tomorrow**, SafeGuard Bus Seats offer adjustable restraints, upgradeable modules, best value, superior quality, and ease of maintenance.

The Most Advanced Protection for your Child

SafeGuard

Bus Seat

SafeGuard has been the leader in child occupant protection for over 20 years and is the largest child seating safety components manufacturer in the world. With its own state-of-the-art crash test facility, in-house certified child passenger safety technicians, and engineers who are experts in their field, SafeGuard is working to achieve one goal – to provide the most advanced protection for your child.

- Adjustable lap-shoulder belts fit adults and children over 40 lbs. and over 40" tall.
- Patented SmartFrame™ makes SafeGuard Bus Seats the only bus seats that offer lap-shoulder belt protection and full compartmentalization.
- Optional Integrated Child Seat offers the security of a 5-point harness for children 22-65 lbs. and eliminates the need for add-on restraints.
- LATCH option provides a permanent attachment point and eases the installation of rear- and forward-facing child car seats.
- Interchangeable seat modules provide convenience and versatility for future upgrades and ease of maintenance for seat belt and upholstery replacement.
- SafeGuard Bus Seats meet or exceed all government safety standards.
