

A RETROFITTABLE SEATING SOLUTION. NOW THAT'S FLEXIBLE.

IC BUS. THE DIFFERENCE.

The IC Bus™ BTI Seating System offers you a solution for all your future seating needs. For the first time, at your discretion, you can retrofit a bus from standard seats to three point seat belts or to integrated child restraint seats (ICS) by replacing just the seat back. And it's available standard from IC Bus.

For more information about the IC Bus BTI Seating System, or to locate the nearest IC Bus dealer, call 1.800.892.7761 or go to ICBus.com
